

# Buck Hollow Llamas, Inc.

*The little farm with the BIG reputation*

## Quality Animals

For 16 years I have been researching and gathering the best of bloodlines in the country to enhance my breeding program. My goal is to have **QUALITY** not a huge quantity of animals. I strive for calm dispositions, correct structure, and ultra silky fiber. Getting caught up in the newest trends is **NOT** my game. Since I have a limited number of offspring each year, the supply seems to lag behind the demand so do not hesitate if you see an animal you like.

## Service After The Sale

I love mentoring and helping people get the right animal(s) for them, even if it is not one of mine. Keeping current with the latest in medicines etc. makes me a better breeder and mentor.

## Outstanding Stud Selection

The stud line up represents some of the finest bloodlines in the nation. We have Argentine, Chilean Outcross, the E-line, the first Renegade son, El Fuerte, and Fivestarr. I have seven studs from which to choose.

## Products You Cannot Live Without

JUG the two bowl model

I am thrilled to now be a distributor for the **JUG Waterer**. The finest waterer made! Call and ask me about my Jugs! They can be shipped anywhere in the country. You will not be disappointed!

I am still carrying the best vetting/grooming **CHUTE** that is made and the custom made **Llama Scramble Square Puzzles**. Every farm store should have the puzzles in their inventory. Ask me about quantity discounts.
